

Why Call Us?

Wide Selection: Our buyers constantly purchase wheels, nationwide, from a wide variety of sources that we have cultivated over the years.

One Stop Shopping: We stock over 10,000 wheels, both foreign and domestic. If we do not have it, in almost all cases we can find it within 24 hours.

Quick Local Delivery: Our local customers will receive in stock orders within 24 hours, many the same day! Our fleet of delivery trucks provide quick delivery within our Metro Detroit delivery area.

Nationwide Delivery: If you are outside of our local delivery area "No Problem", we can ship your wheels via UPS, anywhere in the nation and beyond!

Wheel Inspection

All wheels are first fully inspected. If our inspection determines the wheel cannot be repaired back to OEM specifications it will be returned. Your safety and satisfaction is our primary concern. If your rim can't be properly repaired, we offer thousands of in-stock rims that you can purchase that will save you money vs. buying the wheel new.

Detroit Wheel and Tire offers complete (In-House) wheel "Repairs and "Refinishing" in our new remanufacturing facility. We can service all wheels both foreign and domestic. Your wheel will be repaired back to its OEM (Original Equipment Specifications). We also offer custom refinishing upon request.
